

- View video clips, pictures, lesson outlines and other resources.
- Research original documents.
- See the Famine's impact on Canada and the United States.

Presenting:

- Documents on the Famine and the times following the Famine in North America.
- Multi-perspectives.
- Frameworks to examine the historical documents.
- Learning scaffolds for teachers.
- Historical, environmental, and citizenship issues.

Jeannie Johnston

The original Jeanie Johnston was a ship built in Quebec that made 14 voyages carrying thousands of Famine victims to North America, and never lost a soul to disease or the sea. The Jeanie Johnston Foundation, a non-profit organization, honours that achievement by promoting education and citizenship.
